ENVIRONMENTAL POLICY

Staple Food Group (SFG), a trading division of Staple Dairy Products Ltd based in the UK and operating with a Company registration number of 01881120 is committed to creating a more sustainable and environmentally friendly company. We recognise our responsibility to the environment beyond legal and regulatory requirements and will engage with our supplier base to bring about improvement.

1. SFG will review our Environmental Standards and those of our suppliers to ensure that we adhere to current environmental laws, policies and procedures. Our policy will be discussed during our bi-annual Management Review Meetings.
2. We will ensure that environmental issues are considered in all business decisions from top level management all through the business.
3. We will work with our local authority to minimise and eliminate environmental pollution in line with legal requirements and beyond legislative requirements & codes of practice for reducing energy consumption, water use and waste production and will annually reduce our carbon footprint. Our target will be a 10% reduction annually.
4. Where possible, we will reduce the embodied carbon footprint of our branded and other products traded by implementing process and energy efficiencies in the supply chain.
5. We will consult, train and educate our staff at least once annually to ensure that best environmental practices are followed by all employees.
6. We will work diligently with our suppliers to promote the use of materials that are biodegradable or recyclable and to replace single use plastic where feasible.
7. Our policy will be reviewed and updated annually in consultation with our staff and management team.
